REPORT ON WORLD LEPROSY ERADICATION DAY

Name of the Event: World Leprosy Eradication Day

Date: 9th February 2026

Time: 10:00 am – 11:00 am

Venue: Primary Health Center, C. R. Wadia, Thane

Smt. Vimladevi Khyalilalji Vagarecha College of Nursing Education, Thane, organized an awareness program on the occasion of World Leprosy Day on 9th February 2026 at the Primary Health Center, C. R. Wadia, Thane. The program aimed to create awareness about leprosy and promote knowledge regarding its prevention, early detection, treatment, and eradication in the community, while also improving participants' understanding of the disease. It began at 10:00 am with an introduction highlighting the importance of the day and the need to eliminate stigma and discrimination associated with leprosy. A comprehensive health education session was conducted by students, covering causes, signs and symptoms, transmission, prevention, and treatment, with special emphasis on early diagnosis and the availability of effective treatment through MDT (Multi Drug Therapy).

To make the session more engaging and informative, educational posters and charts were displayed, helping participants better understand key concepts. Interactive communication was encouraged, allowing attendees to ask questions and clarify misconceptions about the disease. A total of 50 participants attended and benefited from the program. The session concluded at 11:00 am with a vote of thanks and was highly effective in spreading awareness. It also motivated participants to adopt preventive measures and play an active role in reducing stigma by sharing accurate knowledge within their communities.
